A SECRET FOR MANY SUCCESSFUL YEARS that we would like to share with you.

Whether you are the President of a Large Corporation, the Owner of a One Man Business, or an Employee who wants to GET AHEAD, the Application of the Formula explained herein will mean a Richer and a Fuller Life for you.

There's one sure-fire stimulant to our economy that can be applied immediately and without legislation. It's an old-fashioned remedy that no economist can argue with. It's spelled w-o-r-kl Instead of balm from Washington how about this: If you usually visit ten customers a day, visit twelve. If you ordinarily make two new business contacts a day, make four. And how about working right through lunch hour a couple of times a week with a sandwich at the desk! No matter what your job, if you get cracking and do more and better work, yoù can help make each year better and more satisfying. As any schoolboy coming out of a doctor's office knows a shot in the arm begins with a rolled-up sleeve!
